EDUCATION

Vellore Institute of Technology, Vellore *July 2016 - June 2020*
Bachelor of Technology

EXPERIENCE

Tessact, Mumbai May 2019 - Jun 2019
Intern

· - Designed a machine learning model from scratch for product recommendation using variational autoencoder.

· - The algorithm scored a mean average precision value of 0.86 which on deployment led to 23 percent increase in sales for the company.

Tata Group, Jamshedpur Jun 2018 - Jul 2018
Intern

· - Trained a neural network on power grid electricity consumption data to predict the load 24 hours ahead of the actual generation.

· - My work was later refined and deployed by current engineers. It is currently being used and has boosted upto 20 percent energy in the plant.
